### REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: In combination with all the limitations recited in the independent claim, all the prior arts do not show a cable connector assembly comprising a dual ended endcap having an inner bulkhead for covering a mating end of a connector of either a first gender or a second gender. Claim 22 recites a first protective boot having an interior space for receiving a first cable connector and a first endcap mating with the first protective boot of the first cable connector to cover a mating end of the first cable connector.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
